

MetaServ

PEOPLE IN THE WORK

People placed to do the work.

Project management, IT, and support. On-site or remote.

PRETORIA

Witch-Hazel	Centurion	Johannesburg	Midrand
340, Highveld	Based here	On-site	On-site

CAPTIVATING AND PRACTICAL

A path your business can see.

MetaServ places specialists for project management, IT, and support, in person or remotely, and manages the service.

Align
We understand your objectives, challenges and what success looks like.

Design
A tailored roadmap with clear ownership, measurable outcomes and a plan built around your organisation.

Place
The right specialists, working alongside your team — on-site or remotely, fully integrated into how you work.

Improve
Track performance, adapt as needed, and build lasting results that continue long after our involvement.

EIGHT SERVICES

Where each service fits.

Consulting places the people who do the work. The client keeps the decisions.

Project management
Placed project managers who do the work with the client.

Project consulting
Placement of specialists. MetaServ manages the service.

IT
Placed IT specialists doing the client's IT work.

Support
Placed support specialists doing the client's support work.

Risk management
Find the risks early and keep momentum when conditions change.

Agile transformation
Practical agile that keeps the plot while the work moves.

Change management
Change people can follow, so the new way actually sticks.

Data analysis & reporting
Reporting leadership can trust when the next decision is due.
